

LeanReel

SOLUTION

Pre-Assembled Reels Setup in Seconds

Vail Industries has developed a new pre-glued corrugated reel that will streamline your packaging requirements significantly. The LeanReel offers convenience and strength with the added flexibility of space saving storage.

The reels are ideal for use by extruders for profiles, hoses and other flexible products.

BENEFIT

Ease of Use:

- Space Saving
- Consistent Assembly Cost
- Safety
- No Stapling
- Minimal Set-up
- Reels go Directly to Production Line

Lower Cost Per Reel:

- Potential Reduction on Total Cost
- Improved Cubic Volume per Reel
- Multiple Trips per Reel Possible

Better Packaging:

- Triple Wall Reinforced arbor
- Holds more Weight than Traditional Corrugated Reels
- Recyclable, Easily Collapsible
- Patent Pending
